

Engineering Transfer Major - AS

West Burlington Campus, Online, and select courses available at the Keokuk Campus

Program Information

The Engineering Transfer Major prepares students who plan to transfer to a four-year college to earn a degree in an engineering field. Students take core courses in math, science, and computer programming. Students interested in this transfer major should possess an interest in applying problem-solving skills in real world settings. Students may subsequently pursue four-year degrees in a variety of engineering fields, including mechanical engineering, electrical engineering, civil engineering, and aerospace engineering. Engineering majors with a bachelor's degree may find engineering careers in a variety of industries, such as computer hardware, transportation, and infrastructure. They may also find employment in industrial design.
